EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Keith Campbell on 09/07/04.

The application has been amended as follows:

In claim 24, line 10, after "impeding" , ---flow through--- has been inserted.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a flow regulator comprising all the elements and functional relationship in combination with deflection of the membrane causing flow impedance through the hole of the membrane while not impeding flow through the outlet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LoAn H. Thanh whose telephone number is (703) 305-0038. The examiner can normally be reached on Mon. - Fri. (First Friday off).
